DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jennifer Reda on November 22, 2006.

The application has been amended as follows:

In Claim 26, replace "A storage medium storing a computer program..." with – A computer readable storage medium storing a computer program... --.

Allowable Subject Matter

2. Claims 16-19,21-24 and 26-29 allowed.
3. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach the claimed subject matter of claims 16,21 and 26; therefore, claims 16,21 and 26 are allowable because prior art fails to teach an electronic apparatus capable of facsimile transmission wherein in case the collective transmission

of only the set(s) of two-side image data as stored in the image memory without disconnecting a call and the collective transmission of only the set(s) of one-side image data as stored in the image memory without disconnecting a call are performed with separating respective calls from each other, said control means is adapted to once disconnect a first call and then issue a second call.

4. It follows that claims 17-19, 22-24 and 27-29 are inherently allowable for depending on an allowable base claim.

Conclusion

1. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael Burleson whose telephone number is 571-272-7460. The examiner can normally be reached Monday through Friday from 8:30 A.M. to 5:00 P.M.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Moore can be reached on 571-272-7437.
